Attachment to Assessment Appeal Application

Reason for Appeal:

The personal property located at 31 New Hartford Road (the "Site"), which consists of materials that comprise a Class I renewable energy source, a photovoltaic energy system (the "System"). The System is part of the virtual net metering program and is exempt from any personal property assessment pursuant to Connecticut General Statute § 12-81 (57)(D).

Section 12-81 (57) provides (emphasis added):

(D) For assessment years commencing on and after October 1, 2014, any (i) *Class I renewable energy source, as defined in section 16-1*, (ii) hydropower facility described in subdivision (21) of subsection (a) of section 16-1, or (iii) solar thermal or geothermal renewable energy source, installed for generation or displacement of energy, provided (I) *such installation occurs on or after January 1, 2014*, (II) *is for commercial or industrial purposes*, (III) *the nameplate capacity of such source or facility does not exceed the load for the location where such generation or displacement is located or the aggregated load of the beneficial accounts for any Class I renewable energy source participating in virtual net metering pursuant to section 16-244u*, and (IV) in the case of clause (iii) of this subparagraph, such exemption shall apply only to the amount by which the assessed valuation of the real property equipped with such source exceeds the assessed valuation of such real property equipped with the conventional portion of the source.

The personal property located at the Site is exempt from personal property taxes.

- **First**, it is a "Class I renewable energy source, as defined in section 16-1" pursuant to (i).¹
- **Second**, the installation occurred on or after January 1, 2014. In fact, the building permit for the Site was submitted in September 2016.
- **Third**, the equipment and photovoltaic system is for commercial or industrial purposes in that it is generating electricity that is distributed into the Connecticut Light and Power Company d/b/a Eversource electric distribution grid, a commercial or industrial use.
- **Fourth** and finally, the nameplate capacity of the facility located at the Site does not exceed the load of the beneficial accounts for any Class I renewable energy source participating in virtual net metering pursuant to Section 16-244u. The personal property owner submitted, with our personal property declaration seeking the exemption, included information confirming that the facility at the Site is part of the virtual net metering program pursuant to Section 16-244u and that the nameplate capacity of the facility does not exceed the beneficial accounts associated with the virtual net metering participation.

Clause (IV) above does not apply to this exemption request since it only applies to facilities that are solar thermal or geothermal pursuant to (iii) which does not apply to the facility.

¹ Connecticut General Statute § 16-1 defines "Class I renewable energy source as "(A) electricity derived from (i) solar power. . ."

Hi,

We received our Personal Property Tax Bill for Fiscal Year 2019-2020 in the amount of \$4,053.20. The reason that it was so much was that the Declaration paperwork was sent to the P.O. Box of our employee Darren Wallace. We had put in an address change but it was overlooked. The Exemption that was removed should be reinstated however we have paid the Total Tax Due. I called and spoke to Cory 10/1/2019. He was going to provide met the exemption paperwork but that never came. I then spoke to Tom and he said to Call Michelle and Appeal the Assessment for the 2019 Grand List. I called to speak to Michelle and reached Elizabeth. Elizabeth said to call and speak to Michelle later in the week.

I reviewed the 2019 Declaration of Personal Property with Elizabeth and it was determined that I filled out item # 10 and should have filled out Item # 13.

I have provided the Corrected 2019 Declaration of Personal Property with the correction on Page 5 along with the application to appeal an assessment form.

Please advise me how I should proceed to resolve this and receive our exemption.

Kindest Regards,

Deanna Dunn

 - Actual acquisition costs including any additional charges for transportation and installation by year for each type of property described. These costs, less the standard depreciation as shown on the form will determine the net depreciated value.
 - Include all assets that may have been fully depreciated, written off, or charged to expense but are still owned. Do not include disposed assets.
- Reports are to be filed on an assessment year basis of October 1. Acquisitions between October 2 and December 31 apply to the new year. (i.e. acquisition made October 30, 2018 is reported in the year ending October 1, 2019).
- Computerized filings are acceptable as long as all information is reported in prescribed format.
- Do not include disposed assets. Disposals are used to reconcile last year's reporting with this year's reporting.
