**Fran Zygmunt**  
*Bird Walk Leader*

All levels of 'birders' will enjoy this Bird Walk with expert Fran Zygmunt along Stub Hollow and Maple Hollow Roads. Join the NHLT Spring Bird Walk and see if you can tell the difference between Fran and the real thing! His bird calls will fool you!

Fran will briefly talk about bird watching basics and share his knowledge about the birds we are likely to see and hear. Bring your questions and binoculars. The walk will

last two to three hours though you can leave at any time. Please pre-register by e-mail or phone (below), if possible, so we will know how many to expect for materials, parking, etc. Rain will cancel.

Fran has birded for 30+ years. He maintains a bird list of more than 1,000 species and has extensive knowledge of the local birds one is likely to see throughout the year in Litchfield County and the state.

**For more information or to pre-register, e-mail
