Join the New Hartford Land Trust for an exploration of the natural world as seen through the camera lens of photographer Bill Latournes.

Bill is from Windsor and has been a member of the Simsbury Camera Club for many years. He started out using a Canon AE1 camera 30 years ago and went to digital in 2005 using a Kodak camera, then a Canon Digital Rebel T5i and Panasonic Lumix G5 Mirrorless Camera.

Bill will narrate his slide show and also share some tips and techniques about his experience capturing images in nature. Please bring your questions for a Q&A session after Bill's presentation.
