@ 6 pm – Stanclift Cove
Special Meeting

Beach use behavior policies

Called or order:

Meeting was called to order at 6:03 by Penny Miller. Erik Perotti, Aaron Jack, and Melissa Roy were also in attendance.

Ms. Miller requested the meeting to clarify/discuss some Stanclift Cove policies.

Life jacket policy

If a child has on a life jacket – they can only go up to their waist. If the parent is in the water with them, they can go up to the parent's waist.

Infraction Policy

If you are spoken to for an infraction the first is a warning. The 2nd time you are spoken to you will not be allowed at the Cove for 3 days. The 3rd time your sticker will be pulled for the rest of the season. No refunds.

Lightning

If it is lightning all patrons must leave the beach and either sit in their cars or leave the Cove. If you refuse – your sticker can be revoked. No refunds.

If there is a safety concern, there should be two people that talk to the patron. One of them will be a supervisor.

Penny reached out to our insurance company regarding our liability regarding members not leaving the beach during a storm when requested officially by supervisors as well as our liability if someone decides to go into the water after lifeguards have already closed it down and left for the day. The representative said they would get back to us with answers. As of the meeting date there hasn't been a reply.

Discussion of an incident involving a member. The commission decided that the member will receive a written warning.

Discussion about notifying the commission anytime emergency personnel is called to the cove. It was decided that in the future should any emergency personnel (Fire/Police/EMS) be called to the cove then the Waterfront Director should notify all Commission members. If the waterfront director is not available then the commission member on site will inform all the other members of the commission (text/group me).

Motion to end the meeting made by at 7:01 by Ms. Miller and seconded by Mr. Jack. approved by all.
