Walked cemetery to examine trees and stones in need of repair

Following discussion, the commission agreed to get a price on the cost of taking down the 4<sup>th</sup> maple from the gate in the front row as it is clearly dying.

In the grove of saplings between the Aranow, Kellogg, and Zimbalist plots, several young saplings were marked with blue tape for removal. It was decided to take a conservative approach and leave several to see how it looked. The laurel is to be left in hopes that it will regenerate.

Mary Lou will contact John Ciesco in order to get his opinion on the cost of repairing up to five gravestones in the coming year. The five stones to be determined with his input.
