

**Town of New Hartford
Rails to Trails (Multi Use Trail) Committee
Special Meeting
Thursday, February 13, 2020**

MINUTES

(this was a public presentation and not a formal meeting of the committee)

Public Presentation regarding proposed route for multi-use trail; followed by Q&A

Refreshments were available beginning at 6:30 and time was allocated to allow people the opportunity to review the proposed route displayed on poster boards in the meeting room.

The presentation began at 7:05 pm.

First Selectman Dan Jerram welcomed all to the presentation. Consultants Kevin Grindle, Anchor Engineering Services, Inc. and Planner Valarie Ferro took the floor and delivered a power point presentation to those assembled. The Public Presentation was well attended by approximately 80+ members of the public.

Comment forms are available on the Town website and the public was encouraged to offer commentary regarding the proposed route and to offer suggestions, concerns or ask general questions and send their comments to Town Hall.

A question and answer session followed the presentation. Questions will be compiled by Kevin and Val and will be discussed at a future meeting of the trails committee.

The presentation ended at approximately 9:00 PM.

Respectfully Submitted,

Christine Hayward, Administrative Assistant

Power Point presentation available on the town website on the Trails Committee Page and is also filed with the Town Clerk and is available upon request
