

## Updates To Contracted Agreements Torrington Water Company (TWC) Aquarion Water Company (AWC)

The Agreements for services provided to the New Hartford WPCA by TWC (Water) and AWC (Sewer) are contained in this Directory. Current contracted base services as of 1-1-20 are as follows:

\*TWC \$101,439 (Water)

AWC \$209,196

Both AWC and TWC have accepted a change to their respective Agreements specific to termination should either water and/or and sewer assets are sold. Those provisions are governed in the TWC Agreement by:

### Section 7.0 Termination of Agreement due to sale of Water System

In addition to the provisions set forth in Section 7.02, the Owner can terminate this agreement if it is selling the System or its assets by giving 60 day notice to the Company in the manner described in 10.01. The Company agrees to fully cooperate in any such transfer by providing all necessary records and materials as may be required by Owner to consummate said sale.

And in the Agreement with AWC as follows:

### Section 7.04 Termination of Agreement due to sale of System

In addition to the provisions set forth in Section 7.02, the Owner can terminate this agreement if it is selling the System or substantially all of its assets by giving 60 day notice to the Company in the manner described in 11.01. The Company agrees to fully cooperate in any such transfer by providing all necessary records and information as may be required by Owner to consummate said sale.

In addition, the aforementioned parties (TWC & AWC) and the WPCA hve agreed to implement the contracts under all existing terms and conditions until notice of cancellation is executed by the WPCA.
